Event Summary

Flagship Premium Cinemas, in coordination with Dnipro Ukrainian Club of Baltimore, are bringing director Volodymyr Mula's award winning documentary "UKE" to the big screen in the U.S. on April 24th at FPX Events Live. It has been a year in the making.

Mr. Mula has been granted permission by the Ukrainian Government to come to the U.S. to exclusively feature his documentary at FPX Events Live and share his experiences in his war-torn country of Ukraine. We are honored to have Mr. Mula as our guest and encourage all to support his fund-raising efforts for his foundation "Stand with Ukraine – Humanitarian Fund" to aid in the fight against the war in Ukraine. Also in attendance will be Jeff Chychrun. Jeff is a former professional ice hockey defenseman who played eight seasons in the National Hockey League (NHL) with the Philadelphia Flyers, Los Angeles Kings, Pittsburgh Penguins and Edmonton Oilers. Jeff is a 1992 Stanley Cup winner.

The documentary "showcases unique information that disproves previously held stereotypes. It turns out that the roots of Ukrainian hockey go back over a century. Ukrainian hockey players from immigrant families gained world fame while playing for teams in their new homeland. Meanwhile, they continued to maintain their language and culture. Statistics presented by the authors are absolutely astounding: throughout the 100-year existence of the NHL, more than fifty Ukrainians became champions of the League. This is the largest number of champions representing a non-North American nationality. Even the best hockey player of all times, Wayne Gretzky, is of Ukrainian descent. His grandparents lived in Ternopil and Beresteysk regions with the surname Gretskeyy."—TeleProstir Studio

The UKE Documentary was created with the support of the Ukrainian State Film Agency and Ministry of Culture and Information Policy of Ukraine. This is the best manifestation of Ukraine's cultural diplomacy around the world. UKE was nominated for Best Documentary of the Year at the Golden Dzyga 2021 Award and recognized as the main media event of the year of the Ukraine Sports Media Awards - 2020. Mr. Mula is an Honored Art Worker of Ukraine. We are privileged to bring this to an American audience with Mr. Mula present to talk about the movie and more importantly how the recent war has affected him and Ukraine. His firsthand testimony will resonate with the American public.

Mr. Mula is making a special 2-week trip to the U.S. for this event. Not only is he doing a question-and-answer session on the day of the event, but prior to the event he is available for publicity events. This would include media events (television, radio), school assemblies, church events and other outlets as we are able. This would help to not only spread the word about the event, but also the plight of Ukraine and its people.

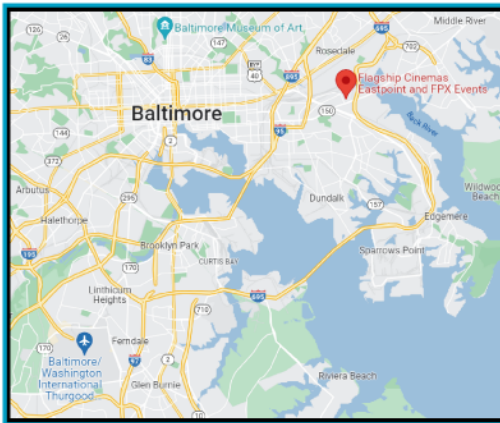

FPX Events Live, the venue for this premiere event, is located just outside of Washington D.C. and easily accessible from Philadelphia, New York City and Boston. We want to attract from all these locations as this documentary makes its premiere in the U.S.! There could not be a better opportunity for Ukraine to show the pride and grit of its people. All profits from this event will be donated to "Stand with Ukraine – Humanitarian Fund."
